WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilful and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to Dr. R. V. Pierce, Buffalo, N. Y.,—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing *only*, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Pierce's Pleasant Pellets The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. Much imitated, but never equaled. Little pill, Little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs. It allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Notes of a Summer Vacation.

WILMINGTON, DELAWARE.

Your correspondent has been singularly dilatory in recording what might be of interest to others in his movements from place to place this summer. But now as his steps are turning homeward it occurs to him to note a few incidents of vacation, not of travel, for the distances passed over have not reached farther than Atlantic City, the well-known popular resort of so many of our Alexandria friends.

The first month of vacation was spent at Wilmington, Delaware, where a very pleasant resting place was found at the rectory of a clerical friend who had gone off for a well-earned vacation. Before this season Wilmington had been little more than a pause of a few minutes on the journey between Washington and Philadelphia. But now it assumed its true proportions in your correspondent's experience as a city of at least 80,000 inhabitants, with a large number of manufacturing establishments and especially noted for the famous duPont powder works located along the banks of the Brandywine, according to the tradition handed down by the geographies studied in earlier years. The proximity of Wilmington to Philadelphia makes it to a certain extent a suburb of the latter, especially in the line of shopping, but as the chief city of gallant little Delaware, it has an individuality of its own, which is heightened by the conscious possession of its own antiquities, as well as by the present volume of its manufactures. The main part of the city lies on a ridge separating the Christiana from the Brandywine river. It is generally considered to be on the Delaware river and in fact is laid out as far as its banks, but here the ground is low and chiefly suited for manufacturing sites. But the harbour is formed by the Christiana river two miles from its junction with the Delaware. The Brandywine, which is a tidal stream for a very short distance to north Market street, also adds its waters to the Christiana, where the latter forms the city harbor.

The first colonists to make a permanent settlement in what afterwards became the city of Wilmington were Swedes who came over in the year 1638. Their landing place, which is a rock on the north bank of the Christiana, is now marked by a memorial stone suitably inscribed and protected with an iron railing. The Swedes have left the most interesting relic of antiquity Wilmington possesses, known as the Old Swedes Church, situated in the lower part of the city, plainly visible from the Pennsylvania trains shortly after they leave the station northward for Philadelphia. The church now belongs to the Protestant Episcopal denomination, being turned over to that church by the Swedish Lutheran Church towards the close of the 18th century when the latter body withdrew its missionaries from America. The sacred edifice is a quaint structure of stone erected in the year 1698 taking the place of a previous building of wood. There is a record of Swedish pastors from the first foundation of the colony, for the religious needs of the community were never neglected by the study pioneers to whose enterprise we owe the beginnings of the America of today. The quaint simplicity of this ancient fane with all the hallowed associations of its history make it one of the most interesting monuments of the past in this part of the country. The Church has a large gallery in the western end entered by a door from the outside under an archway looking southward. The aisles on the main floor are of brick while the pews have been cut down from their original height like those in Christ Church in your city. The pulpit is the original one, conforming to the wine glass type, with a sounding board over it. In the vestry room there hangs a fine portrait in oil of the Rev. Erik Bjorck, D. D., the minister under whom the present church was built. It was presented at the celebration of the two hundredth anniversary of the building of the church (1898) by the Copper Mines Company of Falun, Sweden, the native place of Dr. Bjorck. One Swedish pastor the Rev. Peter Tranberg lies buried in front of the chancel. A marble slab records his faithful life in rugged verse which however enshrines the true qualities of a consecrated minister of the Gospel of Christ. The burial ground of this ancient temple is a veritable Campo Santo to the people of Wilmington, and is the resting place of many persons prominent in the history of the city and State. We have only space to mention the name of Senator Bayard who was a devout worshipper at the old church and to whose memory is not only erected a handsome monument over his grave, but also a tablet containing the ten commandments on the chancel wall of the church.

The Delaware Historical Society has its home in an old brick building, which was erected as the first Presbyterian Church in Wilmington. The collection of antiquities is not large, but among those found there is a well preserved specimen of the boundary stones which marked the course of the celebrated Mason and Dixon's line. On the side which faced Maryland are the arms of Lord Baltimore, and on the side facing Pennsylvania are the arms of William Penn.

Wilmington is growing rapidly, owing to the developments of its manufacturing interests. It contains many handsome private residences, especially those which have been built in recent years. There is a fine park extending along the Brandywine river, retaining the natural beauties of the place as much as possible, and traversed by excellent walks and drives. The trolley car system extends into the country in all directions, and is well managed. Philadelphia is reached by the steam cars, the fastest train going in 35 minutes, by the trolley and the boat, the last means of conveyance both requiring two hours and a quarter for the journey one way.

The trip by boat is most delightful. It affords a fine view of the country on the banks of the Delaware and the water front of Philadelphia. A peculiar characteristic of Wilmington is the 'curb-stone market,' as it is called. On three days in the week the country people come in with their produce and take their stand in their market wagons on King street, making a long continuous line on both sides of the street. The pavements are crowded with purchasers and it is quite an experience to go up and down King street on market mornings. The city authorities permit this market to occupy the street until half past ten or eleven a. m.

This letter has far outgrown its space, so there is not opportunity to do more than mention one or two of the manufacturing firms known all over the country, like the Jackson & Sharp car works, the Harlan & Hollinsworth works, and the Bancroft cotton mills. We have already referred to the Dupont powder mills which have been famous for over a century. The manufacture of explosives is carried on by the du Ponts on a large scale and they have numerous plants in various parts of the country. The estates of the family near Wilmington are beautiful and a drive through these was one of our most delightful experiences while there.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Biliousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by Gibson & Timberman and W. F. Creighton & Co.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

Ask Your Grocer For It.

What is a "Razzle Dazzle?" Something new to amuse old and young--a very ingenious novelty that we will give away Friday, September 22d, for five labels from Corby's Mother's Bread. Don't fail to tell your grocer to save one for you.

Corby's Mother's Bread is 5 Cents a Loaf.

It's the best bread in the world--the purest, cleanest, highest grade bread. Best for children; best for grown folks. Recent tests of different breads offered for sale in Alexandria have been made with the result that many contain 30, 53, 77 and 150 per cent more acidity than normal.

The Same Tests Made of Corby's Mother's Bread

have shown in every instance that the completed product contains only the normal amount of acidity as contained in the raw ingredients before making them up.

THERE IS NO MORE FORCIBLE ARGUMENT IN FAVOR OF CORBY'S MOTHER'S BREAD

For everybody must acknowledge that the excess of acidity in these other breads must be injurious to the delicate tissues of the stomach.

CORBY'S MOTHER'S BREAD is a perfect bread--scientifically made--perfectly developed--perfectly fermented and even more nutritious than meat.

HOT BREAD FOR EVERY MEAL.

SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, SEP. 16, 1905.

THE REVELATIONS now being made through the investigation of insurance companies in New York set forth plainly what the mass of the American people have for many years believed—that the republican party was bought itself into power since 1896. Such means were doubtless resorted to previous to that time, but that recent campaign funds were furnished by trusts, railroads and insurance companies, financial institutions and and manufacturers who fatten upon prevailing tariff conditions, has for years been evident. George W. Perkins, vice president of the New York Life Insurance Company, testified before the Armstrong insurance committee in New York yesterday that the New York Life has contributed $50,000 to the republican national campaign committee in each of the last three national campaigns. Mr. Perkins said that the contribution was made as the result of executive action alone, and that the matter had never been passed on formally by the New York Life executive committee. He declared that he regarded the company's assets as imperiled in these campaigns. It was charged that the price of coal was advanced during the two McKinley campaigns in order that the barons could contribute liberally to the republican committee's fund from other people's money. By this means the head of every house in the United States was robbed and made to contribute toward McKinley's election. Revelations now being made in New York go to show that hard-earned money paid by policyholders in certain insurance companies is devoted to similar purposes. The people of this country have for years been sorely tried by the high-handed procedures of corporations which are backed by a party that tolerates and protects such injustice.

THE SUICIDE of Ella Berry, of West Medford, Mass., in a New York hotel a few days ago was, it seems, superinduced by a publication in a Boston paper reflecting upon the young woman's character. It was alleged that she had left her home with a married man. This unfortunate case should prove a sufficient answer to queries, often propounded by thoughtless people, why newspapers ignore this or that species of gossip which at times circulates in all communities. There are always people in the world who want the family skeletons of others brought into the limelight, and they are the most censorious persons newspaper men meet. This class is composed mainly of individuals whose private lives could not bear the rays of searchlights. They read sensational newspapers, feed upon froth and foam, are hypercritical and have a good word for no one. The Boston paper referred to above was engaged in preparing literary dishes for such people when it cast aspersion upon a sensitive and innocent young woman, who was driven to suicide by the unmerited notoriety she had attained. Her blood is upon the head of the man who wrote the story, and he will go through life with a remorse that will not down and a conscience impervious alike to bribery or cajolery. The greatest care should be exercised in publishing a newspaper. It is a terrible weapon in the hands of a mischievous man.

THE TANGLED relations of insurance companies, bankers and railroads were laid bare to a considerable extent Thursday by close questioning of witnesses before the legislative committee investigating insurance conditions in New York. Treasurer Frederic Cromwell, of the Mutual, bluntly declared that railways must deal with bankers to float their stock and the insurance companies must deal with bankers to get good investments at good prices. The truth is, and this was admitted, that the railroads must stand in with the bankers to sell their securities and the insuranse companies must stand in with the bankers to buy at low prices.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D, C., Sept. 16.

When Public Printer Palmer turned the government printing office over to his successor, Oscar J. Ricketts, he left the acting public printer, as an official legacy, the seventy-two Lanston monotype machines, the upstart of the investigation which finally resulted in Mr. Palmer being removed from office. Sorrowful as was Palmer's connection with the machines, bothersome has been to Ricketts the problem of what to do with them, for the present acting public printer is on record as saying he did not know what in the world Mr. Palmer would do with the machines. To be sure the machines were not in the printery to be turned over upon the departure of Palmer, but the Lanston people have lost no time in which a Philadelphia lawyer might evolve some scheme by which the contract for the purchase might be broken. The first shipment of the machines reached the printery yesterday. The keyboards of every one of the seventy-two machines were sent. Rickets has been informed that the rest of the machines will be shipped immediately. He says that he will give the Lanstons a fair trial. He hopes in case he is allowed to remain at the head of the office to find some place for the machines by the time Congress convenes. Incidentally he has more fondly nurturted hopes that he will remain in charge of the printery. William S. Rossiter, of the Census office, is said to be making an open fight for the place and other men are reported to be after the place besides Rossiter and Ricketts.

For the first time in half a century the interior of the dome of the Capitol has been cleaned and repainted. Members of Congress will hardly recognize the place when they return. The process of cleaning has brought out the beauty of the Virginia sandstone, dimmed with accumulation of dirt and dust. The large pictures in the rotunda have been regilded and touched up and the entire dome is probably more attractive than ever before. Over on the House side huge bronze doors, corresponding with those on the Senate side, have just been hung. In the House chamber a new Brussels carpet of the best variety, startling red, has been laid, while on the Senate side a carpet of equal merit, but of a green hue, covers the floor for the first time. Workmen are now engaged in renovating the Senate postoffice.

Word has been received by the State Department from Ninove, Belgium, that the municipal council of that town has decided to rename the Place Communale the "Place Roosevelt" in honor of the President's achievement in bringing about peace in the far East.

Former District Attorney Beach, appointed special counsel to prosecute the cotton leak cases of the Agriculture Department, conferred with Solicitor General Hoyt today. Mr. Beach was informed of the President's desire for speedy action in the case of Holmes, Peckham, and Haas against whom indictments have been found by the local grand jury. It is understood that Mr. Beach will go to New York to personally conduct the government's side in the extradition hearing against Haas, which is set for the latter part of this month.

It was announced at the State Department today that U. S. Minister Powell, in a letter to the Acting Secretary of State, had denied the truth of an alleged interview with him in which he was quieted as saying that he would resign from the diplomatic service. Powell will remain as Minister to Haiti.

The Marine Hospital Service announces that there have 2,406 cases of yellow fever and 323 deaths in New Orleans from July 21 to September 13 inclusive. According to a previous arrangement all detention camps in the vicinity of New Orleans were abolished today.

TELEGRAPHIC BREVITIES.

James F. Green, 18 years old, whose home is said to be in Baltimore, was fouud dead, with a bullet in his breast at his hotel in New York, this morning.

By the explosion of a quantity of powder at the Primose mine of the Lehigh Valley Coal Company, in Mahanoy City, Pa., this morning, eight men were seriously injured. A number of them it is believed, will die, of their wounds.

The young Duchess of Marlborough, formerly Miss Consuelo Vanderbilt, has arrived in New York. She was met at the pier by her mother, Mrs. O. H. P. Belmont, and the latter's husband, and will spend a month in this country.

Five of the long one-story frame buildings used as barracks at the United States Government reservation at Fort Hamilton, New York, were burned to the ground early this morning by a fire which started shortly after midnight. The barracks accomodated some two hundred soldiers, any many had narrow escapes from death in the blazing buildings, which burned like tinder.

COURT OF APPEALS.

In the Court of Appeals at Staunton yesterday. The case of James W. Graves vs. W. H. Scott was remanded to the Circuit Court of Giles county for further proceedings.

A writ of error and supersedeas was denied in Nicholas vs. Murray.

Risgnes, administrator, vs. Chesapeake and Ohio Railroad Company; argued and submitted.

Town of Glasgow vs. Mathews; continued.

Natural Bridge Developement Company vs. Natural Bridge Park Company, from Corporation Court, Buena Vista; continued.

Piedmont Convocation.

The annual session of the Piedmont Convocation of the Protestant Episcopal Church will be held in St. James' Church, Leesburg, October 11, 12 and 13. During this meeting St. James' Church, of Leesburg, a stone structure, costing $30,000, will be consecrated by Right Rev. R. A. Gibson, D. D., bishop of the diocese.

Bishop Randolph, of Southern Virginia; Bishops Peterkin and Gravatt, of Virginia, and Rev. Berryman Green, D. D., of Alexandria, will assist in the consecration service. Also present will be Rev. Carter Page, of Warrenton; Rev. Everard Meade, Archdeacon Tyler, Rev. John J. Meem, of Brazil; Rev. John A. Chapman, and Prof. S. A. Wallis, D. D. The rector of St. James' Church is Rev. Dr. J. W. Morris, former missionary to Brazil.

World's Tallest Man.

Ivan Macknow is the tallest man that has ever lived, for he stands 9 feet 2¾ inches in his socks and weighs 280 pounds, although he is only 23 years of age. This extraordinary man was born in Charkoff, Russia. When he was 7 years old he was as big as an ordinary man. At 12 years of age he was 6 feet 6 inches, and at 14 he was 8 feet 1 inch. When at Warsaw, Machnow was drafted as a recruit of the Imperial Guard, but he slipped over the frontier to avoid serving. His journeys are not a source of pleasure to him, for both in the train and on the boat he has to spend most of his time in a recumbent position.

Five Men Killed.

Pinconning, Mich., Sept. 16.—By the explosion of a boiler in the stave mill of Edward Jennings here today five men were killed and 18 injured, two of them seriously, and they will probably die. The destruction of the mill is complete.

New York Stock Market.

New York, Sept. 16.—There was a general comment on the floor that there has been a stronger undertone than has been noted in a long time. Buying orders for leading stocks were in the market and the price limits on the orders were advanced steadily in order to obtain stocks.

News of the Day.

The Czar's ukase abolishing retaliatory duties on American imports was gazetted yesterday.

Congressman Babcock, of Wisconsin, says he will not again act as chairman of the republican Congressional committee.

A majority of the foreign members of the consulting board of engineers of the Isthmian canal appear to favor a sea-level canal.

Miss Alice Roosevelt and the ladies in her party visited the Dowager Empress of China yesterday, who gave them rings and bracelets.

"There is absolutely no danger of yellow fever being communicated to any person by the refugees that have gone to Cincinnati," declares Health Officer Davis.

According to the report of Grand Sire Robert E. Wright to the Sovereign Grand Lodge of Odd Fellows, which meets in Philadelphia next week, that great order now has 1,766,097 members.

The friends of acting Public Printer Ricketts are confident that President Roosevelt will make the appointment permanent; indeed, they claim that the announcement may be made at any day.

The Great Empire Show with Nan Patterson advertised as an attraction, showed at Freehold, N. J., Thursday night and resulted in a fizzle. After the second act the audience arose in a body and left the Opera House. The performance came to a sudden end.

After a spirited discussion the Northwest Indiana Conference of the Methodist Church at Michigan City, yesterday declined to indorse an appeal from the congregation at Whiting, Ind., to John D. Rockefeller for financial aid for the building of a new church and parsonage.

David E. Sherrick, who was summarily removed from the Auditor of State Thursday by Gov. Hanly, of Indiana, was yesterday placed under arrest, charged with embezzlement. His name was recorded at the police station, but he was merely kept under surveillance and did not become a prisoner. His hearing before the police court did not occur until 2 o'clock in the afternoon, and then Judge Whallon held him to await the action of the grand jury. His bond was fixed at $15,000 and was promptly furnished.

An automobile containing members of the party accompanying Governor R. B. Glenn, of North Carolina, plunged over a bridge on the road to Royalston, Mass., yesterday, and lauded at the bottom of a ditch, pinioning the occupants underneath, all of whom were more or less injured. The motor car containing Governor Glenn was directly behind the automobile which met with the accident, and only the prompt action of the chauffeur averted a collision between the two cars, as the first automobile swerved from its course and crashed into the ditch, capsizing in its passage. It is believed that all the injured will recover.

Explosion and Loss of Life.

The explosion of a fuse, followed by a fire, in a building of the Climax Fuse Company, at Avon, Conn., yesterday afternoon, caused a panic among 20 employes in the building and resulted in the death of ten and injuries that doubtless will prove fatal to several others.

There was no way of coping with the flames, which soon spread rapidly. In less than an hour after the explosion occurred those who were unable to escape were burned to death. A great crowd saw the bodies of men and women roasting in the fire and were powerless to even check the flames.

In an effort to burn out a stoppage in one of the machines it is believed that a workman caused the explosion of a fuse with the hot iron he held in his hand. A moment after the explosion occurred the room was a mass of flames. There was a mad rush for the doors and windows, and during the scramble many were pushed back into the building, while others were severely burned.

The scene at the fire was heartrending. Friends and relatives of the missing were almost frantic when it became known that bodies of those close to them were being burned to a crisp in the ruins of the factory. As there is no fire department in the town it was utterly useless to try to cope with the flames with buckets.

The body of a woman was seen near the edge of the fire, and an effort was made to pull it away from the flames, but on account of the great heat this was impossible.

Four buildings were burned, the loss being about $100,000.

Storm and Loss of Life.

An unusually heavy rain storm, amounting almost to a cloudburst in proportions, and accompanied by a high wind in western Missouri and eastern Kansas, early yesterday caused serious damage to property and the loss of at least four lives. An average of four inches of water fell. All streams are rising rapidly, but no great damage from this source is feared.

At Maxson, Kans., a woman and her three children were drowned in the destruction of a railroad camp. A man and another cild, members of the same family, were forced to spend the night in a tree, from which they were rescued yesterday.

At Leavenworth, Kans., several store fronts were blown in, the grandstand at the race track was demolished, the roof was torn off the grandstand at the baseball park, and other minor damage was done.

At Lawrence, Kans., the river rose three feet in a short period of time, several culverts were washed out, railway tracks were submerged, and Bowersock's dam was damaged.

At Grantville, Kans., the Union Pacific bridge was washed out.

Dozens of telegraph and telephone poles between Kansas City and Leavenworth and Lawrence were blown down, stopping wire and train service for many hours. Near Lawrence several freight trains are stalled. The damage in Kansas City was slight.

Married Former Husband.

Washington, Sept. 16.—Surrounded by members of her family, Nan Patterson, the Florodora girl of Caesar Young fame, was married at high noon today to her former husband, Leon G. Martin. At 4 o'clock this afternoon they will leave for New York, where they will live and where Martin will be assistant manger in the Cambridge Court Hotel. Rev. George F. Dudley, rector of St. Stephen's Episcopal Church, performed the ceremony.

Virginia News.

Mr. Decatur Asbury Milburn died of paralysis at Hamilton on Saturday last, aged 78 years.

R. H. Tanner, a well-known resident of Lynchburg, who lately was engaged in the restaurant business, killed himself yesterday evening by taking an overdose of laudanum.

William W. Gwathmey, chief engineer of the Seaboard Air Line Railway, resigned yesterday. He and former Assistant Chief Engineer Mackall, who also resigned, are to form a firm of consulting engineers in Norfolk.

Mr. H. Noltenius, one of Petersburg's most prominent citizens, died at his residence last night after a brief illness. The deceased was a native of Bremen, Germany, and about 65 years of age. He was engaged in the manufacture of trunks.

D. C. Mayo, a courier of Gen. Robert E. Lee during the civil war, is dead in Richmond, aged 69 years. He was a native of Amelia county and amassed considerable wealth as a manufacturer of tobacco both in Richmond and in Canada.

Fire early yesterday morning destroyed the quarters of the Richmoud Gun Club, a short time distance west of Richmond. Much shooting paraphernalia was destroyed and a quantity of ammunition went off during the fire with spectacular effect.

Capt. D. M. Lee, of Stafford county, announces his withdrawal as an independent candidate for the House of Delegates from the counties of Stafford and King George. He states that he had no idea of running as an independent candidate. He states that he will support the nominee of his party.

Mrs. S. M. Fairfax, who resided near Burkes, Fairfax county, was taken suddenly ill on Wednesday, and died that night. Mrs. Fairfax was the widow of the late B. F. Fairfax, and was 82 years old. Her remains were interred in the old family burying ground, on the place, on Friday.

The first trainload of apples to leave Winchester went out over the Cumberland Valley railroad on Monday afternoon. There were six cars of the train loaded with fine winter apples. The cars were of the largest refrigerator type used on the Pennsylvania system, and have nearly double the capacity of ordinary box cars.

Governor Montague has issued a commission appointing Luigi Gramatica, of Genoa, Italy, as the representative of Virginia for the purpose of forwarding all farmers and their wives to this State. Gramatica is also to be the immigration agent of Italy for the Old Dominion in conformity with the regulations of the immigration laws of that country.

Mr. Anthony J. Drexel, of Philadelphia, has recently purchased from Mr. Henry Fairfax "Oak Hill," a beautiful estate near Leesburg, Loudoun county, formerly the country seat of President Monroe. Mrs. Drexel will not come to America this autumn, but will shortly be joined by Mr. Drexel in England, where they have a country place near Ascot.

In a lengthy communication to Judge S. B. Witt, the electortal board of Richmond defends its course in the recent primary, and vigorously replies to the recent criticisms because of frauds in the city primary. The members of the board called attention to the fact that their duties are onerous, if not vexatious; that the compensation is trivial, and that no one of the three either sought or desired the appointment. A mass-meeting will be held in the public square in Richmond tonight, the purpose of which is to request the board to resign.

Two republican conventions were held in Fredericksburg yesterday afternoon, one to nominate a candidate for the State Senate from the Thirteenth Senatorial district, composed of the counties of Spottsylvania, Stafford and Louisa and the city of Fredericksburg, and the other to nominate a candidate for the House of Delegates from the district composed of the county of Spottsylvania and city of Fredericksburg. Absolom Waller, of Spottsylvania county, was nominated for the Senate and T. F. Morrison, of Spottsylvania county, was nominated as the candidate for the House.

Mr. Bryan's Peace Suggestions.

A letter addressed to President Roosevelt from Mr. W. J. Bryan, in which a plan for the prevention of war is suggested, was made public in Lincoln Neb., last night. Mr. Bryan congratulates the President on his success on bringing Russia and Japan together, and says:

"Why not ask Congress for authority to submit all international questions (when agreement cannot be reached by parties interested) to an impartial board for investigation and report. Investigation will in nearly every case remove the cause of complaint and reconcile the parties. Questions which a nation might be unwilling to submit to arbitration in advance could be settled by investigation by an impartial international board.

"It was a glorious thing to end the war between the Russians and the Japanese, but it would have been more glorious to have prevented the war and saved the frightful loss of life. The moral prestige which our nation now enjoys would in all probability enable it to lead a successful peace movement. The congratulations which you have received from the hands of European governments strengthen the chances of success. If the leading nations of the world would enter into an agreement to join in the creation of such a board and pledge themselves to submit all disputes to the board for investigation before declaring war, the danger of war would be reduced to a minimum.

"Few men have had it in their power to do so much for humanity. Will you improve the oppertunity?

"W. J. BRYAN."

Parade of Anti-Swearers.

As a gigantic protest against blasphemous swearing 15,000 men, who have taken an oath not only to refrain from taking the name of the Lord in vain, but to prevent others from doing so, will march the streets of Jersey City tomorrow beneath the banner of the Holy Name Society. The demonstration was planned by Mgr. John A. Sheppard, vicar general of the Roman Catholic Diocese of New York, who started a crusade against swearing in his diocese less than a year ago. He has in ten months organized a Holy Name Society in nearly every Catholic church from Jersey City to Morristown, and from Bergen county to Elizabeth. This has enlisted in the cause more than 20,000 men as active members of the society.

Today's Telegraphic News

From Richmond.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., Sept. 16.—Lieutenant Governor Willard has an engagement to confer with Governor Montague about the corporation commission appointment Monday. Friends here believe he will accept. A meeting will be held in the capitol square tonight when W. L. Royall will assail the city electoral board. There is talk of the opposition employing a lawyer to reply with a view to rejecting Mr. Royall's resolution.

Affairs in Russia.

London, Sept. 16.—A dispatch to the Central News from St. Petersburg says that the Czar left this morning for Finland to remain two days.

Odessa, Sept. 16.—What is believed to be an expedition to smuggle in guns and ammunition to dissatisfied Poles by taking the weapons and supplies up the Danube river to some point where they could be safely landed has been discovered by guards along the Russian bank of the Danube, near Ismail, Bessarabia. While the guards were patroling along the river they came suddenly upon a small sailing vessel flying the Greek flag, which was trying to make a landing. When the guards appeared the crew of the ship began firing at them and forced the guards to retreat. The latter returned later with reinforcements and the boat sailed away and disappeared. Little doubt is expressed that the vessel was loaded with guns and ammunition intended for shipment to Poland and a careful guard will be kept in the future to prevent a repetition of the smuggling attempt.

St. Petersburg, Sept. 16.—Advices state that the general outlook in the Caucasus is far from encouraging. Disorders continue unchecked and there seems to be little liklihood that an end can be put to the disturbances which have stirred up the country in the immediate future. Tiflis, according to the late reports, is like a city of the dead. It is estimated that twenty people are murdered there every day. The reign of terror that prevails under such circumstances can easily be imagined.

At Baku several of the English firms attempted to resume work, but owing to the insufficient police protection their efforts were frustrated by the rioters.

The Tartars now threaten to attack both the Russians and Armenians and they have added a new danger.

Railroad Accident.

Chicago, Sept. 16.—As the result of an engine drawing a passenger train on the Baltimore & Ohio running into a switch engine early this morning, at Kimmel, Indiana, three men were killed and 21 persons injured. The passenger train left Chicago last night at 8:30 o'clock and was eastbound. The switch engine at Kimmel was allowed to protrude over on to the main line, and the passenger engine was "side swiped." The engine, mail car, combination baggage and passenger coach turned over and rolled down an embankment. The Pittsburg sleeper left the track and was slightly damaged. Among the injured are Delose Thompson, of Washington, D. C., face and leg cut, and W. W. Frost and wife, Richmoud, Va., who are slightly injured.

Not Motorman Kelly.

Mamaroneck, N. Y., Sept. 16.—Representatives of the police department of New York city, accompanied by an employe of the elevated railroad company, visited Kolton's undertaking establishment late last night, but failed to identify the body of a suicide there as that of Paul Kelly, the motorman of the train wrecked on the "L" road on Monday last, when twelve persons were killed. The man whose body is at the undertaker's awaiting identification committed suicide yesterday by hanging and as the description of the man tallied closely with the description of Kelly, which was sent out from New York, it was thought that the body was that of the missing motorman.

Floods in India.

Lahore, India, Sept. 16.—Reports are slowly arriving giving the details of the floods in the Kashmir valley show the great extent to which the country has been inundated. The water covers ten miles of the road to Kashmir, capital of the province, and Srinagar, one of the important towns of the district, resembled an open sea. Almost the entire European quarter of the city, as well as a great part of the native section, has been submerged. The inhabitants had ample warning, however, of the approach of the flood, so that nearly all escaped and it is not believed that there has been much loss of life attendant upon the flood.

Yellow Fever.

New Orleans, Sept. 16.—There were 43 new cases of yellow fever and two death from the disease in this city yesterday. The increase in the number of cases in the country continues to be noted, although the death rate is remarkably low, perhaps not over ten per cent. at any one point and at most places not half of that percentage.

New Orleans, Sept. 15.—Up to noon today, 22 new cases of yellow fever and one death from the disease were reported.

Case of Suicide.

Swampscott, Mass., Sept. 16.—All official uncertainty regarding the case of the death here of Mrs. Jennie P. Chase, 48 years old, wife of Dr. Horace Chase, retired physician and broker, and daughter of the late Eben Phillips, Swampscott's millionaire benefactor, has been set at rest by the finding of Medical Examiner Pinkham, who declares that the dead woman committed suicide and assigns the cause of death as gas poisoning primarily and pneumonia as a contributing agency.

Royal Arcanum.

Boston, Sept. 16.—A circular urging moderation and loyalty to the Royal Arcanum in this time of excitement over rates was sent yesterday by Ferdiaand F. Read, Massachusetts Grand Regent of the Royal Arcanum, to every subordinate council in the State. In spite of the appeal of the Grand Regent, the most prominent and able men in the order predict that the fight in the Royal Arcanum has just begun.

Startling Mortality.

Statistics show startling mortality, from appendicitis and peritonitis. To prevent and cure these awful diseases, there is just one reliable remedy, Dr. King's New Life Pills. E. Building Wrecked by Bomb.

New York, Sept. 16. — Thirty-five persons had a narrow escape from death in Williamsburg early today, when some one believed to be a member of a "black hand" society threw a bomb into the front doorway of a three-story double frame house at No. 813 Flushing avenue. There was a terrific explosion, which partially wrecked the building, and the several families in the house were thrown into a panic and escaped to the street by the fire escapes. Fortunately no one was injured. The police believe the intention was to kill Casino P. Liotta, a well-to-do Italian, who has a barber shop and living quarters in the building. He told the police that he had received 25 threatening letters within a year. The last one he received less than a geek ago, and it informed the barber that if he did not place $600 in a certain spot his life would be taken.

Baron Komura's Condition.

New York, Sept. 16.—There have been no new developments in the mysterious illness of Baron Komura, the Japanese peace envoy, during the last 24 hour, and a bulletin issued this morning announces that his condition is regarded by the attending physician as quite satisfactory. Baron Komura this morning received a telegram from the emperor of Japan commending him "to take care of himself."

The readers of this paper will be pledged to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constipational disease, requires a constitutional treatment. Hall's Catarrah Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hnndred Dollars for any case that it fails to cure. Send for list of testimonials.

Railway Improvements.

Railway work, double tracking and changes in accordance with the future plans of the great trunk line railroads which pass immediately west and north of this city, are being rapidly advanced by the continuous work of a large number of mechanics employed at and around St. Asaph Junction, which is now located about 150 yards south of what has been heretofore known as the double bridges, or where the W. & O. R. R., passed over the turnpike and old canal. The old structures have been removed, along with the high embankment once used as a railway bed, and in their place has been substituted a substantial viaduct constructed of masonry and steel, and on Wednesday last trains coming into Fairfax street made the first regular use of the structure and abandoned the makeshift route utilized last June. St. Asaph Junction (a misnomer under present conditions) becomes an objective point, for here the old turnpike will make a detour along the borders of Del Ray, passing immediately by the Alexandria Alms House, in front of which will be the entrance to a safe and substantial roadway and bridge overhead of all trains, again connecting with the original pike immediately north of the brick dwelling that has been known as the Hart house. At St. Asaph Junction, which has been supplied with a platform and box station house, all rail connection via Fayette and Henry streets as well as the Portner Brewery spur have been abolished. The rails, ties, telegraph poles and all railway appliances are being rapidly removed and the intervening space between Slater's Lane and Del Ray will soon be the exclusive property of the railroads. The topography of that portion of Alexandria will be have be studied over again by old residents.

Struck by a Pole.

Jacob Scott, colored, was struck by a falling electric railway pole on King street, near Lee, between eight and nine o'clock this morning. He was painfully injured and was taken to the Alexandria Hospital for treatment. The company's workmen were engaged in placing iron poles in position at the time, and had erected one on the south side of the street. A wire had been passed from it to a wooden pole on the north side of the street, when the latter broke at its foundation and fell. Scott was passing down the street at the time in one of Mr. DeW. Aitcheson's carts, and the pole in its descent struck the side of the vehicle, knocking Scott into the street. He was picked up by people who ran to his relief, among whom was Mr. Wythe White, manager of the Bell Telephone Exchange, who supposed one of the company's poles had struck the man. The ambulance was summoned and Scott was taken to the Hospital where he received medical attention. The accident attracted a crowd to the neighborhood.

Steamer Jane Moseley Attached.

The steamer Jane Moseley was attached yesterday when she arrived in Baltimore by a deputy United States marshal and her owners were compelled to give bond to cover any damages that may grow out of the suit instituted against the owners by Bernard Scott, colored. Scott was fined on a charge of disorderly conduct on the boat during an excursion, and it was brought out in the testimony that employes of the boat saw Scott loosen a part of the machinery and his arrest nearly caused a panic. A dozen negroes appeared at detective headquarters and said they represented 100 others who had boarded the steamer at Chestertown on Thursday morning with the expectation of being carried directly to Round bay and back. Instead, they say, they were carried from point to point in the bay until yesterday afternoon. It was found that the steamer's boiler were out of order.

The New Depot.

The new depot was again the scene of animation this morning. Some people who took the steam trains rode as far as Spring Park on the electric cars, others used carriages and some walked. The railroad company is laying a plank walk from the trestle over the Shooter's Hill road some distance east. It is said that King street from West street to Hooff's run will be improved in the near future. The sidewalks need attention, while the deep and unsightly gutters should give place to others.

Democratic Committee.

It is understood that a meeting of the democratic committee will be held Monday afternoon for the purpose of fixing a date for the special election to nominate a clerk for the Corporation Court, which must be held within the next three weeks. It is said that there will be no opposition to calling a primary, though some members of the committee argue that, under the democratic plan of organization and primaries, the committee, under the circumstances, has a right to name a candidate. Mr. Bendheim, the chairman of the committee, and who has recently been appointed to the position of clerk of the court, says he is heartily in favor of a primary and would not accept the nomination except at the hands of the voters.

In reference to the matter, Mr. O. F. Carter has received the following letter from Chairman Ellyson:

State Democratic Committee,
Richmond, Va., Sept. 15, 1905.

O. F. Carter, esq., Alexandria, Va.

Dear Sir—In reply to your inquiry of September 14, I beg leave to enclose you a copy of the primary plan which provides that "in the event of a vacancy occurring after the nomination of a candidate and before the election, then the committee whose duty it would be to hold the primary to fill such vacancy, shall determine the manner in which such vacancy shall be filled." This provision of the plan seems plainly to leave the question of a nomination to fill the vacancy occasioned by the death of Mr. John S. Beach in the hands of the city commitee, to be filled in such manner as they may deem best.

Yours very truly,
J. TAYLOR ELLYSON,
Chairman.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Moroe, arrested by Officers Bettis and Knight charged with being drunk in the street, was fined $2.50.

Kate Hughes, colored, arrested by Officer Gill for abusive language, was fined $2.50.

George Massey, arrested by Officers Nicholson and Beach charged with stealing a lamp, was fined $2.50.

Henry Simpson, arrested by Officer Arrington charged with disorderly conduct, was dismissed.

Mary Butler, colored, charged with disorderly conduct, was fined $2.50.

John Jordan, colored, arrested by Officers Ferguson and Smith charged with cutting Ed. Williams, had his case continued.

Gatekeepers Discharged.

Henry street this morning had resumed the quietness it enjoyed previous to 1861. No trains were running over the street and gatekeepers at Prince, King, Cameron and Oronoco streets were conspicuous by their absence, all having been relieved of duty or discharged. It is believed that the track on this street will soon be removed. A railway track was first laid on Henry street during the early days of the civil war and has since been continued with short interruptions. For some time after the close of the war passenger trains for Washington left from the corner of King and Henry streets. During late years the track has been used almost exclusively by Southern and Chesapeake and Ohio passenger trains, with freight trains of the latter also passing over it.

Opera House Tonight.

"The Sign of the Cross" is a play which can live on forever. This has been demonstrated by its visit to several towns where it has been offered for the last five or six years, with business on the increase instead of decreasing. Mr. Wagner booked the play in St. Louis for the week of January 12, where it has been seen many times, and to the surprise of himself and the management the receipts the first night were several hundred dollars greater than ever before, demonstrating that a good play with strong features, a fine cast and superb stage settings can live almost forever. "The Sign of the Cross" will be the attraction at the Opera House tonight.

Suicide from a Schooner.

George Robertson, a bartender living in Washington, jumped into the Potomac river, between Marshall Hall and Whitestone Point, from the schooner Oakland yesterday morning, and was drowned. Robertson had been melancholy for several days, and had remarked to one of his friends before going on the schooner that he intended to jump into the river and drown himself. It is also said that about an hour prior to his drowning he jumped into the river, but was saved by the crew, who lowered a boat and went to the rescue of the sinking man.

New Paving.

Vitrified bricks have been laid on two-thirds of the square on Prince street, between Fairfax and Lee, and concreting has been commenced on the latter street between Prince and Duke. When the work of repaving these squares shall have been finished Royal street, between King and Cameron, will be prepared for a vitrified brick roadway, the material for which has arrived. Hence Alexandria by the end of the year will have placed three additional squares of vitrified brick work on the streets.

Surprise Party.

Mrs. A. Westelaken gave a delightful surprise party last night at her residence, 702 north Washington street, in honor of her son, Frank, who will shortly leave for Blacksburg College. A number of friends and acquaintances of the family were present and all experienced a delightful evening. Refreshments were served and many pleasant features enlivened the occasion.

Chamberlain's Cough Remedy Aids Nature.

Medicines that aid nature are always most effectual. Chamberlain's Cough Remedy acts on this plan. It allays the cough, relieves the lungs, aids expectoration, opens the secretions, and aids nature in restoring the system to a healthy condition. It is famous for its cures over a large part of the civilized world. Thousands have testified to its superior excellence. It counteracts any tendency of a cold to result in pneumonia. For sale by Gibson & Timberman and W. F. Creighton & Co.

Best For Children.

Mothers, be careful of the health of your children. Look out for Coughs, Cold, Croup and Whooping Cough. Stop them in time—One Minute Cough Cure is the best remedy. Harmless and pleasant. Contains no opiates. Sold by W. F. Creighton, and Co., 401 King street.

Personal.

Misses Isabella F. and Elizabeth Witmer were visiting friends in the city during the past week.

Miss Elizabeth Slaymaker has returned from Brevard, N. C., where she spent the summer.

Mrs. Anna L. Slaymaker has returned from her visit to Mrs. Wm. K. Boswell near Waterbury, Md.

Mr. Peyton Dearborn, of Alexandria, spent several days here this week.—[Amherst Era.

Miss Katherine Daingerfield has returned from the White Mountains, where she spent August with her uncle-in-law and aunt, Mr. and Mrs. George C. Jenkins, and is at school at Notre Dame.—[Baltimore News.

Mr. and Mrs. Wm. E. Bain have returned from their wedding trip.

Mrs. Estelle Herbert Walz, has gone to Red Sulphur Springs, West Virginia, to join her husband, who is there for his health.

Mrs. H. T. Roberston has returned from a visit to Markham.

The New Clerk.

As heretofore stated, Mr. Charles Bendheim, who was on Thursday evening appointed clerk of the Corporation Court, yesterday qualified as such and entered upon the discharge of his duties. He gave bond in the sum of $3,000, Mr. I. Eichberg becoming his surety. Yesterday and today he received the congratulations of his many friends upon his appointment and this morning he received a handsome bouquet from Fairfax with the congratulations of his friends in that county. So far Mr. Bendheim has not selected his deputy. He has the names of several gentlemen under consideration and is anxious to get the best man possible for the place.

Rummage Sale.

A "rummage sale" will be held in the Confederate Veterans' building for the benefit of the improvement fund; beginning Tuesday, Sept. 26, and continuing throughout the week. Merchants, housekeepers, and persons interested are earnestly requested to send donations to the hall or communicate with Mrs. Thomas Collingsworth, Mrs. India Henderson or Mrs. E. E. Padgett. Old furniture, carpets, curtains, shoes, hats, clothing of all sorts and kinds, books, jewelry &c., will find a ready sale; while new articles checks or cash will be much appreciated.

Will Probated.

In the Corporation Court today the will of the late J. S. Beach, who, for over twenty years, had been clerk of the court, was admitted to probate and Mr. N. S. Greenaway qualified as administrator, entering into bond in the sum of $8,000. The deceased left his estate to Mr. Greenaway, in trust, for the use and benefit of his aunts, Helen C. and Lucy T. Crawford. The will is in the handwriting of the deceased and was drawn September 2, 1905. The estate is valued at about $30,000.

Justice's Court.

The following cases were heard before Justice Triplett, of Fairfax county, at the store of Mr. M. R. O'Sullivan, just southwest of the city, yesterday:

Rosa Roberts vs. Doc Reb, a suit to recover a scow, chain and anchor; judgment for plaintiff.

Julius Pelton vs. John Quarles, a suit for rent; judgment for plaintiff.

The plaintiffs in both of these cases were represented by Mr. Robinson Moncure.

Corporation Court.

[Judge L. C. Barley presiding.]

W. H. Thaler was appointed guardian of his daughter, Minnie Thaler.

The will of the late J. S Beach was admitted to probate and N. S. Greenaway qualified as administrator.

Court Martial.

A court martial will be held at the armory of the Alexandria Light Infantry on the 25th inst. to try such cases as may come before the court. Maj. E. H. Gibson, of Culpeper, will act as judge advocate.

LOCAL BREVITIES.

There was another bountiful supply of country produce in Market this morning, but prices were stiffer for most articles.

Read the Corby Bakery advertisment on the first page of the Gazette. It will prove interesting to heads of all households as well as to the little ones.

Marriage licenses were issued in Washington yesterday to John C. Dillard and Clara L. Brooks, both of Caroline county, and to James Hopkins, of Alexandria, and Pauline A. Hart, of Washington.

Mr. Lunsford H. Lewis, deputy collector for the Winchester division, has resigned, and Collector Summers has appointed his brother, Mr. Archie A. Lewis, to fill the vacancy. The salary is $1,500 a year with traveling expenses.

The barge Farmer's Friend, Capt. John Sisson, loaded with lumber by Smoot & Co., had one of its masts knocked out while lying at the dock yesterday. The U. S. tugboat Choctaw had passed down the river and the swells from the steamer caused the barge to careen and lose its mast.

A Cynic After Six Marriages.

Mrs. Laura W. Hodges, a principal in six marriages, the last of which was but one day past when her husband fled from her, has come to some rather bitter conclusions about men and matrimony. Her latest experience came Monday, when she told Justice Wolff, in Chicago, that W. C. Hodges, to whom the justice had married her on Saturday, had fled from her, leaving her a heritage of unpaid bills and protested checks. These are Mrs Hodges' conclusions about marriage and men, as she told them yesterday:

"All men are deceitful.

"Marriage for love is a failure.

"Women should marry for money, not love.

"After being married for a few months most of men, when pretty girls cross their paths, only pretend to love their wives.

"Whisky is man's worst enemy.

"Had I known this when I was a girl I would have married for wealth and would be better off today."

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." For sale by Gibson & Timberman and W. F. Creighton & Co.

Numerous and Worthless

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protruding Piles, eczema, cuts, burns bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by W. F. Creighton & Co., 401 King street.

BUFFALO LITHIA WATER

"All the Argument Necessary."

The International Journal of Surgery, August, 1905, under the heading "CYSTITIS" says: "In the treatment of Cystitis water is the great aid to all forms of medication. Moreover, **BUFFALO LITHIA WATER** is the ideal form in which to administer it to the cystitic patient, as it is not only a pure solvent, but has the additional virtue of containing substantial quantities of the alkaline Lithates. Patients should be encouraged to take from two to four quarts per day if they can, and the relief they will obtain will be all the argument necessary after the first day or so.

"IN URIC ACID DIATHESIS, GOUT, RHEUMATISM, LITHAEMIA, and the like, ITS ACTION IS PROMPT AND LASTING."

Dr. Geo. Ben. Johnston, M. D., LL. D., *Richmond, Va., Ex-President Southern Surgical and Gynecological Assn., Ex-President Virginia Medical Society, and Prof. of Gynecology and Abdominal Surgery, Medical College of Virginia:* "If I were asked what mineral water has the widest range of usefulness, I would unhesitatingly answer, **BUFFALO LITHIA WATER** In Uric Acid **Diathesis, Gout, Rheumatism, Lithaemia,** and the like, its action is prompt and lasting. * * * Almost any case of **Pyelitis and Cystitis** will be alleviated by it, and many cured. I have had evidence of the undoubted **Disintegrating, Solvent** and **Eliminating** power of this water in **Renal Calculus,** and have known its long continued use to permanently break up the gravel forming habit."

Voluminous medical testimony on request. For sale by the general drug and mineral water trade.

Say Plainly to Your Grocer

That you want LION COFFEE always, and he, being a square man, will not try to sell you anything else. You may not care for our opinion, but

What About the United Judgment of Millions

of housekeepers who have used LION COFFEE for **over a quarter of a century?**

Is there any *stronger proof of merit,* than the

Confidence of the People and ever increasing popularity? LION COFFEE is carefully selected at the plantation, shipped direct to our various factories, where it is skillfully roasted and carefully packed in sealed packages—unlike loose coffee, which is exposed to germs, dust, insects, etc. LION COFFEE reaches you as pure and clean as when it left the factory. Sold only in 1 lb. packages.

Lion-head on every package.
